# Diamondbrite

**THE ULTIMATE PAINT & UPHOLSTERY  
PROTECTION FOR YOUR MOTORHOME,  
CARAVAN OR CAMPER**

- ≥ EASY CLEANING
- ≥ NO MORE POLISHING
- ≥ NO STAINED UPHOLSTERY
- ≥ BETTER FUTURE SELL-ON VALUE

**THE ONLY ONE WITH THE  
LIFETIME GUARANTEE**

**Diamondbrite**  
LEISURE

DIAMONDBRITE IS A TWO STEP PROTECTION SYSTEM FOR YOUR LEISURE VEHICLE WITH A LIFETIME GUARANTEE\*

## Phase 1

# PAINT PROTECTION

Patented Diamondbrite products are applied to your Motorhome, Caravan or Camper leaving a hard, high gloss protective shield which prevents pollution damaging the vehicles paintwork. To ensure a professional finish and correct application, Diamondbrite is only applied by authorised and fully trained technicians. Once treated with the Diamondbrite process you will never have to polish again. Simply wash down using Diamondbrite Shampoo and Conserver, a supply of which is given to you free in the aftercare pack that you will receive. Once treated your Motorhome, Caravan or Camper will retain a high gloss finish and will remain fade and stain resistant.

### GUARANTEE COVERS DAMAGE FROM

-  Road grime, salts, traffic film and tar
-  Acid Rain and other atmospheric pollutants
-  Tree Saps
-  Temperature Cycles
-  Bird Droppings
-  Insect Fluid
-  UV Light\*
-  Stain Protection from spillages

*\*Fading from ultraviolet light is virtually eliminated as is nitrate etching caused by bird droppings provided it is removed within 7 days and retreated with Conserver.*

## Phase 2

# INTERIOR PROTECTION FOR UPHOLSTERY

During the Diamondbrite upholstery Protection Process each fibre is coated with an invisible resin based material. After treatment your upholstery will be guaranteed for life\* against normal everyday spills and stains. Diamondbrite has been successfully tested with tea, coffee, hot chocolate, alcohol, milk, fruit juices, cola, fizzy drinks, chocolate, confectionary and grease from foodstuffs.

LEISURE

### UPHOLSTERY PROTECTION

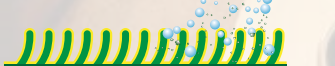

*How it works*

#### Untreated upholstery/carpet

Dirt and spills are difficult to clean, leaving stubborn stains and tide marks even after cleaning.

#### Treated upholstery/carpet

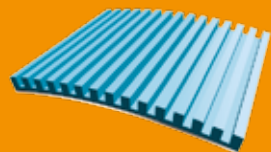

Dirt and spills are easily cleaned. No permanent staining, guaranteed.

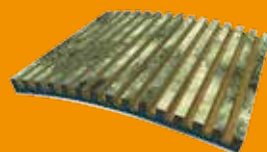

**Optional leather upholstery treatment also available.**

## HOW DOES IT WORK?

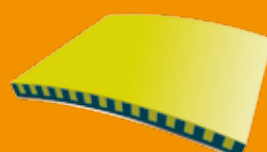

**1** If your paintwork was magnified it would reveal small pores in the surface.

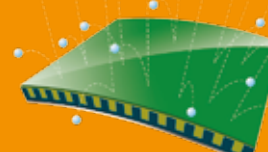

**2** Road traffic dirt gathers in the pores and attacks paintwork.

**3** The paint protection application cleanses and fills pores in the vehicles paintwork leaving a smooth finish that cannot be penetrated.

**4** The paint protection application creates a hard protective skin. It leaves a high lustre finish that rain and dirt cannot penetrate.

\*Lifetime Guarantee from date of application until end of ownership. Non-transferable.

# INTERIOR PROTECTION FOR CARPETS

Your carpets are subject to more wear than any other part of your Motorhome, Caravan or Camper. They can quickly lose their original appearance with ground in dirt working into the pile of the carpet and wearing it out. Simple vacuuming will not bring all the dirt to the surface. Diamondbrite Carpet protection seals the base and surface fibre meaning dirt and grime, including pet hairs, can be easily removed.
